

September 6-9, 2016, Berlin

**Track Program Committee**

Andrzej Dębowski, Technical University of Lodz, Poland  
 Arthur Tay, National University of Singapore, Singapore  
 Asier Ibeas, University of Barcelona, Spain  
 Axel Busboom, Controls and Embedded Systems Lab, Munchen, Germany  
 Bengt Lennartsson, Chalmers University of Technology, Sweden  
 Blaise Conrad, Ecole Polytechnique Universitaire de Lille, France  
 Clara M. Ionescu, Ghent University, Faculty of Engineering and Architecture  
 Carla Seatzu, Università di Cagliari, Italy  
 Carles Pedret, Autonomous University of Barcelona, Spain  
 Daniel Sbarbaro, Universidad de Concepción, Chile  
 Daniel Simon, INRIA Rhone-Alpes, France  
 Fabrizio Padula, University of Brescia  
 Fotis Koulumbis, Halkis Institute of Technology, Greece  
 Francisco Vázquez, Universidad de Córdoba, Spain  
 Gregorio I. Sainz, Universidad de Valladolid, Spain  
 Hector Benitez, National Autonomous University of Mexico  
 Jean-Marc Thiriet, University of Grenoble UFJ, France  
 Joao Lemos, INESC, Portugal  
 Juan Jose Gude, Universidad de Deusto, Spain  
 Kostas Tsakalis, Arizona State University, USA  
 M. Chidambaram, IIT-Madras, India  
 M. Jesus Fuente, Universidad de Valladolid, Spain  
 Manuel Beschi, National Research Council, Italy  
 Marian Barbu, Dunarea de Jos University of Galati, Rumania  
 Matilde Santos, Universidad Complutense Madrid, Spain  
 Nidhal Rezg, University of Metz, France  
 Orlando Arrieta, Universidad de Costa Rica, Costa Rica  
 Petter Falkman, Chalmers University of Technology, Sweden  
 Robin De Keyser, Ghent University, Belgium  
 Silvio Simani, University of Ferrara  
 Simona caramihai, University "Politehnica" of Bucharest, Romania  
 Takao Sato, University of Hyogo, Japan  
 Tao Liu, Dalian University of Technology, China  
 Tobias Jäger, Siemens AG, Germany  
 Tore Hagglund, Lunds universitet, Sweden  
 Toru Yamamoto, Hiroshima University, Japan  
 Willy Wojsznis, Emerson Process Management

**Call for Papers**

**Track 5. Industrial Control**

**Track Co-Chairs**

Ramon Vilanova, Universitat Autònoma de Barcelona, Spain (Ramon.Vilanova@uab.cat)  
 Antonio Visioli, University of Brescia, Italy (antonio.visioli@unibs.it)

**Focus of the Track:** This track focuses on the critical issues in industrial control. Industrial control addresses the use of sensors, metrology, and algorithms to monitor equipment, processes, and products to provide actionable information for maintenance and control. The successful application of industrial control draws from the domain expertise of multiple disciplines that are typically responsible for delivering separate elements of the complete solution, such as IT/factory automation, process technology, control engineering, yield management, safety engineering, etc.

**Topics of special interest include, but are not limited to:**

- Process Monitoring and Control
- Equipment Monitoring and Control
- Supervisory Control
- Intelligent Control
- Fault Detection and Management
- Process Modeling and Optimization
- Control Performance Assessment
- Industrial Control Applications
- Large-Scale Systems
- Computer Implementation of Control Systems
- Co-Design of Control, Computing and Communication
- Co-Design of Diagnosis and Dependability
- Safety Issues in Industrial Control
- Environmental implications of Control Systems

**Aim:** The aim of the conference is to bring together researchers and practitioners from the industry and academia and provide them with a platform to report on recent advances and developments in the newly emerging areas of technology, as well as actual and potential applications to industrial and factory automation.

**Solicited Papers:** Research papers reporting on new developments in technological sciences. Industry and development papers reporting on actual developments of technology, products, systems and solutions. Tutorial and survey papers. Work-in-progress papers. In addition, ETFA 2016 solicits special session proposals to stimulate in-depth discussions in special areas relevant to the conference theme. Please consult the conference web page for more details.

**Conference Format:** The conference will comprise multi-track sessions for regular papers, to present significant and novel research results with a prospect for a tangible impact on the research area and potential implementations; work-in-progress (WIP) sessions; panel discussions on the state-of-the-art and emerging trends, involving leading experts from industry and academia; and public discussion sessions moderated by leading experts in the field of industrial automation systems.

**Submission of Papers:** The working language of the conference is English. Two types of submissions are solicited. Long Papers – limited to 8 double column pages in a font no smaller than 10-points. Work-in-Progress and Industry practice papers – limited to 4 double column pages in a font no smaller than 10-points. Manuscripts must be submitted electronically in PDF format, according to the instructions contained in the Conference web site.

**Best Paper Award:** Best paper awards in Factory Automation and Emerging Technologies will be presented at the conference banquet dinner.

**Further Information:** ETFA2016 Conference Secretariat: Tel.: +49 / 5261 94290-35; Fax.: +49 / 5261 94290-35; Email: etfa2016@iosb.fraunhofer.de

**Paper Acceptance:** Each accepted paper must be presented at the conference by one of the authors. The final manuscript must be accompanied by a registration form and a registration fee payment proof. All conference attendees, including authors and session chairpersons, must pay the conference registration fee, and their travel expenses.

**No-show Policy:** The ETFA2016 Organizing Committee reserves the right to exclude a paper from distribution after the conference at IEEE Xplore if the paper is not presented at the conference.

**Author's Schedule:**

Deadline for submission of regular and special sessions papers:	<b>March 15, 2016</b>
Notification of acceptance of regular and special sessions papers:	May 15, 2016
Deadline for submission of work-in-progress papers and Industry practice:	May 20, 2016
Notification of acceptance of work-in-progress papers and Industry practice:	June 20, 2016
Deadline for submission of final manuscripts – regular and special sessions:	July 1, 2016
Deadline for submission of final manuscripts – work-in-progress papers and Industry practice:	July 1, 2016
